

'Modern Future Bass ' by Big Sounds features 5 ready construction kits of modern pop music. If you are producing pop radio music then this sample pack will help you to take your track to the next level.

Inside, you'll find loops of drums, bass, synths, vocal chops, and FXs including uplifters, downlifters, impacts, and ambients. Everything is clearly labelled and in key scale.

Midi files are also included for each construction kit. You can edit the midi files and create brand new melodic ideas in minutes, assign your own favorite VSTi instrument or hardware of your choice, all this without any audio limitation.

Synths preset's from Serum, Spire, and Sylenth are also included for each construction kit. **Please note:** To run the synth presets you will Sylenth1 v3.067, Spire v1.15.7, and Serum 1.309 or higher is required

What's more, everything you get is Royalty Free! Buy once and use in any of your projects in as many combinations as you want. Compatible with all DAWs and usable in more projects and genres than you can imagine.
