

'Modern Techno Vibes' by True Samples has prepared for you an exceptional product made in the best traditions of modern Techno music.

True Samples presents to you five carefully thought-out solutions for a quick start producing good, high-quality tracks, competing with the best tracks of Techno and Melodic Techno style.

This pack, like many of our other sample packs is very convenient to work with, because in it you will find not only MIDI files and patches for VST synthesizer Pigments 3, but also completely decomposed loops into Wet and Dry for exceptional control over track writing!
