

**The second part of our bestseller «Modern Vocal Loops» is here! After a biggest success of first volume, Laniakea Sounds are back with new outstanding collection of Royalty-Free sliced vocal loops perfectly suited for all genres of electronic music. This pack features a huge selection of sliced and pitched track-ready vocal loops to add that human quality straight into your track.**

In detail you get 40 processed vocal loops and 40 dry versions to them, ranging from 100 to 140 BPM. Each loop is key and tempo labelled and exported to WAV 24 Bit/44.1kHz Quality.

Be sure that this is a must-have package in your sample library. Suitable for multiple genres including Future Bass, House, Trance, Pop, Tropical House, Drum & Bass and more, this collection will help to increase, diversify and embellish your own tracks by adding the touch that is often missing without vocals.

Take a listen to the demo and download this awesome vocal sample pack. Mix it with other products from Laniakea Sounds and import to your DAW and create your next gem.

#### **Please Note:**

This is a vocal pack the musical elements in the demo are not included. This pack contains only the vocal loops.
