

The Audio Bar presents 'My Love', our new Progressive House template featuring influences from artists such as Hardwell, Nicky Romero, Tiesto, and more.

My Love comes with incredible vocals to edit, tweak, and learn about vocal mixing techniques. The template also uses many complex production techniques used by all your favourite Progressive House artists, and exclusive production tips from the producer behind this template.

The template contains top quality audio loops, one-shots, MIDI, and synth presets, and the original vocal recordings to give you full control of the track.

From this template, one can learn how to create those catchy leads, powerful supersaws, organic drums, as well as several mixing and structuring techniques.

This template is exactly what you need if you are looking to improve your electronic music productions.
