

Optimal sounds proudly presents Mystic VOL.2-Trance for Serum.

290 high quality and pro unique patches to grab listeners and make them move both in body and emotion.

Lots of complex textural sequences and pads to create unique sounds for psy and progressive tracks.

Fine tuned and crafted percussion like kick drums (with key and Hz info) clap, synth drum and shakers.

Solid basses and synths that can be your go to track builders for both melodic uplifting as well as psy and progressive tracks.

Also includes bonus drum breaks and fills in WAV.

Crafted with hard work and inspiration by a 3 decades long synthesist,sound designer and electronic music producer.
