

“New Age Progressive House Vol.2” from Big Sounds, it’s a royalty-free sample pack for EDM music producers.

Inspired by the sounds of top artists like Dubvision, Jac and Harri, Dannic, Manse, and Severman, this sample pack has everything you need to create professional-sounding progressive house tracks.

The pack contains 5 construction kits, each featuring a variety of WAV loops, MIDI files, and synth presets from Spire and Sylenth 1 VST’s.

These construction kits provide a solid foundation to build upon, allowing you to experiment and add your own unique touch to your tracks.

The MIDI files are perfect for those who want complete control over their productions. With the ability to change notes, velocity, and more, you can easily edit the existing melodies and chord progressions to suit your own style.

The WAV loops are expertly crafted and are ready to be used in any DAW, providing you with ‘out of the box’ sounds that work anytime.

Additionally, the included synth presets from Spire and Sylenth 1 VST’s, some of the most popular VST’s in the industry, will give you access to a wide range of sounds and help you achieve a professional sound quality.

Please note: For synth presets, you will need Spire v1.1.17 and Sylenth v3.067 or higher.

“New Age Progressive House Vol.2” is a must-have sample pack for any EDM music producer looking to take their productions to the next level.

With its high-quality sounds, MIDI files, and VST presets, it’s the perfect tool for creating professional-sounding progressive house tracks. Get your hands on it now and start creating!

What’s more, everything you get is Royalty-Free! Buy once and use in any of your projects in as many combinations as you want. Compatible with all DAWs and suitable for genres such as Progressive House, EDM, and more.
