

Nightout - Trap Soul RNB is something special, a cool floating soulful sample pack with 7 vocal toplines.

The pack has been created by one of the most experienced sample teams who have managed to construct and glue together a mix of multiple genres like Soul, Trap, RNB and Pop, while still maintaining a cohesive unique overall feel.

When we asked our production team what really gave them the inspiration to build the pack, they answered that the freedom to make and mix and match different genres together with vocals, was the catalyst for the creation of the instrumental and songstarters loops.

The utmost care was taken in the recording of the vocals, as they were professionally recorded using a Shure SM7B microphone and high-end software such as UAD and Waves.

Nightout Trap Soul RNB contains: infectious hooks, harmonies, full vocals and adlibs, vocal chop loops, songstarters, bass loops, synth loops and much more.

The vocals have been divided in: verse and chorus, they also contain all the harmony vocal loops.

In detail, you can expect 648 MB of content, with all audio at 24Bit & 44KHZ.

All loops are key and BPM labelled for maximal flexibility.
