

Drift into world of ethereal textures and evolving soundscapes with **Nimbus** by Cloudy Samples - 15 fully developed ambient construction kits, each designed to spark creativity and provide instant inspiration for producers of cinematic, chillout, downtempo and atmospheric electronic music.

Inside you'll find a complete toolkit of high-quality loops; from lush pads and evolving atmospheres, to deep basslines, delicate plucks and subtle pianos. For full flexibility, every kit also includes MIDI files, allowing you to customize melodies, chords and rhythms to perfectly fit your own productions. To push your sound design even further, this pack comes loaded with custom presets for Reveal Sound's Spire synthesizer, giving you direct access to the exact sounds used in the kits, along with the exported soundbank.

Whether you're scoring a film, creating immersive ambient tracks, or adding atmospheric layers to electronic productions, Nimbus offers ultimate tools to elevate your sound to new heights.

*Please Note: To access synthesizer presets, you need a Reveal Sound's Spire.*
