

Cloudy Samples proudly presents "**Oxygen**" - liquid drum and bass pack containing carefully crafted drum loops, samples and melodies coming with MIDI files plus Spire presets. These lush chords, mesmerizing plucks, steady basses and smashing drums will perfectly fill your next production with amazing sounds. Simply create a drum and bass track to your taste in a playful and intuitive way. Unleash this pack to experience pure liquid funk sounds which have been meticulously crafted to provide you with the best possible tools to feed your creativity.

Would you like to learn how music like this is created? Simply open an Ableton Live 10 Template included in the sample pack and find out how to use effects, mix the loops and merge presets with MIDI Files. If you're not an user of Ableton Live, you have every wav, MIDI and preset exported in separated folders. All of the sounds are 100% Royalty-Free, so once purchased, you can use them in your commercial releases without having to pay any hidden costs.

Please Note: To access synthesizer presets, you need an up to date Reveal Sound's Spire.
