

Freak Music brings expertly crafted construction kits for your next chillstep, chillout and every chilled out production - "Oxytocin". **These song-starters give you a great start to your next track or could be a great edition to your existing projects to give you another direction or dimension to your tracks.** At the heart of this library you can find a plethora of musical loops, drum loops and midis, all of which have been meticulously crafted to provide you with the best possible tools to feed your creativity.

This is a wonderful selection of melodic elements such as warm bass', atmospheric plucks, vintage keys, and of course some versatile, rich pads. Utilise the stacks to allow for quick inspiration when piecing together your productions. All MIDI parts are included along with a mixdown demo for each Kit. Folder structure is smartly arranged for ease of use. You have complete control as each kit gives you song ideas to start your next chillstep smash hit. All of the files in this product are 100% Royalty-Free, so once purchased, you can use these sounds in your commercial releases without having to pay any hidden costs.
