

'Pop Star' by 2DEEP contains five smash-hit Construction Kits with the power to make your next project a commercial success. This pack includes loops, vocals, MIDI files, one-shots and Serum Presets used to create the instrumentals.

You can expect to find polished melodic vocals ready to kick-start any Pop production. The included MIDI files give you the freedom to apply hooky melodies with any sound you choose. Alternatively, drag & drop the WAV files into your DAW of choice to get started on huge Pop tunes straight away.

The content included in this pack is not only perfect for mainstream Pop & RnB but it can also help Dance, Electronica & Urban genres to sound better. Listen to the demo to hear more and elevate your tracks to become the next big chart-topper.

All loops and samples in this library are licensed to you Royalty-Free so you can use them in your commercial compositions at no extra cost.
