

EDM Sound Productions is very happy to bring you a revolutionary new sample pack with production tools designed for mainstages and festivals arenas, inspired by superstar DJs Timmy Trumpet, Carnage, KSHMR and many more.

PSY-Bounce Songstarters combines elements from psy-trance style with mainstream EDM sounds aiming to deliver energy and power on all the main stages around the world.

You will find in the pack 5 construction kits with psy-trance baseline, vocal chops, drum loops, FX and melodies and besides the fact that we also provide wet & dry loops we also included midi files for all the melodic parts.

Whats in the pack:

- 5 Construction Kits
- Melody Loops
- Drop Loops
- Vocal Loops
- Fxs
- Drum Loops
- Midis
- Wet & Dry wav files
- Royalty Free
