

"Phase Collapse" by Banger Samples is a sonic cataclysm where technology collides with chaos. The pack immerses you in dark, tense soundscapes filled with growling basslines, aggressive breakbeats, and mysterious melodies that seem to shatter reality phase by phase.

Perfect for producers seeking an experimental and intense Neuro DnB sound. Every element is a weapon: from predatory subs to syncopated drums ready to tear up the dancefloor.

Inspired by the sounds of artists and labels such as Noisia, Black Sun Empire, Mefjus, Phase, Rockwell, A.M.C, Ivy Lab, Current Value, Hospital Records, Critical Music, Eatbrain, Vision Recordings, and other leaders of the dark side of the drum & bass scene.

Refresh your production sessions with fresh sounds that sound like the future is already here.
