Reveal Sound Spire synthesizer Version 1.5.11 Or Higher

About Presets in This Pack

- * The video and audio demos contain presets played from **Pleiadian** sound bank, every single sound is created from scratch with Spire, hits and percussions as well (unless a couple of hits and percussions from external samplers)
- * All sounds of video and audio demos are from **Pleiadian** (unless a couple of hits and percussions from external samplers) and only a light limiter has been used for the demo.
