

'Pop Star 2' by 2DEEP continues where the first installment left off, bringing you five hit Construction Kits to take your production to a higher level.

Loops, vocals, MIDI files and one-shots - all the tools you need for making the most of your studio time are inside this versatile pack. The MIDI files give you the freedom to apply hooky melodies with any sound you choose. Alternatively, drag & drop the WAV files into your DAW of choice to get started on your next track.

The content included in this pack is not only perfect for mainstream Pop, Future Bass & RnB but it can also help bring Dance, Electronica & Urban genres to a whole other level. Listen to the demo to hear more and elevate your tracks to become the next big chart-topper.

All loops & samples in this library licensed to you Royalty-Free so you can use them in your commercial compositions at no extra cost.
