

I want to present to you a revolutionary package with presets for the Spire synthesizer. In this product, I have created for you the most powerful and fresh sounds for trance & Psy Trance music. By creating this bank, we took into account all the trends of today's labels such as Armada, Who's Afraid Of 138?! , Future Sounds Of Egypt. Inspired by Chris Schweizer, Mark Sixma, The Thrillseekers, Andrew Rayel, Armin van Buuren and more.

All sounds were created by Michal Ostafin in such a way that you could easily put them in your mix with minimal processing.

Also as a bonus, you get all the projects presented in the demo.
