

Vol 2 of the revolutionary package with presets for the Spire synthesizer. In this product, i have created for you the most powerful, fresh and unique sounds for Trance & Psy Trance music. By creating this bank, we took into account all the trends of today's labels such as Armada, Who's Afraid Of 138?! , Future Sounds Of Egypt, Iboga. Inspired by Cosmic Gate, Vini Vici, , Andrew Rayel, Armin van Buuren and more.

As a bonus: 6 templates for FL Studio, Ableton, Cubase!

All sounds were created by Michal Ostafin in such a way that you could easily put them in your mix with minimal processing.

All Sounds you heard in demo comes from Spire and were not modified in the mix. Except for volume settings and sidechain.

All Projects have been prepared with attention to detail. Each channel has its name and color termination. Works great on every PC with minimum CPU usage.
