

Nucleus Samples presents "Progressive EDM Madness"

This 1GB pack contains five Progressive EDM Construction Kits. All the kits has been made to satisfy the most demanding producers. Are you searching for the festival destroying main- room sounds, catchy melodic progressive melodies?

This construction kits pack has it all!!!The producer behind this pack worked hard to bring you the latest and up to date sounds to your studio.

Each Kit contains Melodies, Drum Loops, Snare Fills, FX, Drop Lead Loops, and Midi files. All folders are in key labeled to make it as easy as possible to combine sounds and create new ideas.

Each melodic loop has a corresponding MIDI file for your convenience and to add your favorite synth sounds with total flexibility.

All sounds are royalty free, and you can use them in your productions.

Pack info:

- 5x Construction Kits including MIDI files
- 33x MIDIS
- 100x Wav Stems/Loops
