

You've just hit the motherload, with one of EDM's most comprehensive pack on the market, directly from Planet Samples. With an impressive 600+ Mb of content, this pack is a total game-changer.

#### Progressive EDM Tools by Planet Samples

Have you ever gotten stuck in the loop, lacked inspiration or simply interested in getting insight to catchy progressive melodies and sounds are made?

This pack delivers all the above, with 5 high quality construction kits that are sure to give inspiration and a clear insight to how a Progressive EDM pack is built, with clearly labelled wav files and midi's for your convenience, including kicks, snares, claps, leads, chords, bass and fx, all for the intro, break and drop.

Besides that, you will find wav's and midis for an additional 30 Drop Melodies for you to get inspired and get producin !

And we're still not done! You also get programmed presets for Sylenth1 with basses, leads, plucks and risers and a video tutorial on how to program your own leads in Sylenth.

Now this is a Tool pack! Your sample library will definitely feel richer with this product from Planet Samples. Everything you get is Royalty Free! Buy once and use in any of your projects in as many combinations as you want, in as many genres as you like. Compatible with all DAWs and samplers.
