

'What About: Progressive House Festival Kits' by W.A. Production is a stunning pack, that contains 4.45 GB of loops, presets and MIDI files, presented in 12 Construction Kits. Inside this product you will find more than 60 presets for Sylenth1 & Spire as well as 60+ catchy MIDI loops.

Every single Kit is stuffed with the most current drum, FX, vocal and synth samples. Massive build-ups, drops, melodies and more awaits you. All 100% Royalty-Free.

'What About: Mainstage EDM Breaks & Drops' was carefully prepared by the same group of producers and ghost producers behind the recent Producer Loops #1 release, 'What About: Ultra EDM Tools' and 'What About: Mainstage Breaks & Drops'.

These producers have released bangers on labels such as Revealed, Dim Mak, Ultra, Oxygen and others, all inspired by the best and freshest sounds of the EDM scene.

The sounds of KSHMR, Avicii, Alesso, Ingrosso, Axwell, Hardwell, Dannic, Matisse & Sadko and Martin Garrix can be heard in this ultra-relevant pack.

Let these Kits inspire you or simply use all samples pre-mixed now.

Drop tracks as well as many of the breakdowns tracks are provided in dry and wet versions. If you like any of the sounds, you can simply use the preset of it and create your own melody, for example.

The possibilities are limitless. Everything is 100% Royalty-Free and ready to drag and drop right into your mix. What About making your tracks ultra?
