

“Progressive House Tools” is a fantastic new release from BIG EDM.

The world and sound of progressive house evolves so quickly that you must have the latest and freshest sounds.

You don’t want to be creating the sound of last year. You need the sound of next year!

“Progressive House Tools” is a great release that you can use to add to your existing productions or to start a brand new track!

Big EDM always gives you fantastic samples and parts to take your tracks to the next level.

In this pack you will find 5 complete construction kits including drums, synths, fx, and much more!

Also included is 43 melody loops, 60 Drum Loops, 25 Drum one shots, 20 Fills, 20 Synth Shots and 60 presets for Sylenth1 and Spire.

All of these elements will help to make your productions sound awesome. We want to help you to rock to the top of the charts.

The elements in the pack can be used for other genres as well so you can create some awesome fresh music.

Big EDM always gives you the best products for the best price.

We work so hard to create the freshest and coolest sounds for you.

We take our inspiration from the best producers, labels, and dis in the world including Paris Blohm, Hardwell, KSHMR, Eric Prydz, Dannic, W&W, Ummet Ozcan, FTampa, Dyro, Sander van Doorn, Martin Garrix, Nicky Romero, Fedde Le Grand, Axwell, Ingrosso,

Quintino, Yves V, Don Diablo, Zedd, and labels like Spinnin, Revealed, Protocol, Axtone, Size, Doorn, Musical Freedom
