

We're happy to present our latest – Progressive Techno by David Granha.

Fully packed with analog-infused, gritty & sub-melting bass loops, stripped beats, ripped music kits for maximum ease of use, groovy top & percussion workouts, lush & off-beat pads, arps, industrial chords and prime selection of FX sounds!

Progressive Techno has been expertly produced by David Granha. His productions could be found on such record labels as Sincopat, Noir, Einmusika, Particles, Suara and many others. He has won the support of artists like Damian Lazarus, Laurent Garnier, Hernan Cattaneo, John Digweed, Umek, Nick Warren or Dave Seaman.

In his long career, it also underline that he was selected by The Red Bull Music Academy Bass Camp in 2012, an achievement that can only boast a handful of artists.

Take advantage of this 550Mb+ collection – fully loaded with raw & industrial techno elements mixed with melodic and harmonic sounds!
