

Freak Music is proud to present the "Promise" - **outstanding collection of uplifting, beautiful and groovy music loops, drum loops, samples, one shots, Spire presets and a lot of more content, including an Ableton Live 10 template with all necessary files exported.** From huge, head-turning chords to beautifully crafted leads, beefy bass patches and so much more, the presets set the tone for your track's mood. We wanted to break into new territory with what can be done in a sample pack and we feel that this pack carries a glimpse into the future of Chillstep, Future Bass and EDM. All of the loops are key and tempo labeled and are delivered as 24-bit WAV file. Also included the Spire presets that we used to create this pack.

All content has been carefully mixed and eq'd for optimum sonic balance while allowing plenty of extra headroom for further processing and also final mastering stages. Rest assured that this package is also well sorted (incl. Root Note, BPM) and ready to chop'n're-arrange. It's so simple to throw these MIDI files at your synthesizer of choice then watch the inspiration unfold. We wanted to provide more of a pallet to choose from, so that when that creative spark starts to fly you've got all the kinds of percussion sounds you could possibly want. All that and much more can be found in this package, which is designed to reach as high as your productions.

The additional Live 10 template shows how to create a professional track in the style of emotional Future Bass. You will be able to dissect the overall song structure. It includes a complete arrangement with effects, MIDI data, automation, samples and presets. Take apart and learn from the drum programming and processing. Learn to program the rhythm and beats like all the best. **Even if you're not a user of Ableton Live, you will find all of the loops, samples, MIDI sequences, WAV patches and presets exported separately in the folder!** We have included midi files for absolutely all melodic content giving the end producer 100% control to change tempo, velocity or key and also customize the loops to your own exact requirements. You'll get melodic loops featuring chord progressions, so the final track sounds absolutely professional and top quality.

Product Features:

- 30 Music Loops (Leads/Pads/Bass)
- 30 Corresponding MIDI Files
- 63 Drum Loops
- 16 Claps & Snares
- 20 Kicks
- 15 Percussion
