🎹 Psytrance Ableton Live Template 🎹

If you've always wanted to step into the world of professional Psytrance production, this template is made for you!
It's not just a ready-to-use, powerful track — it's also an educational project that shows you how to create a high-energy, club-ready Psytrance track using only simple stock plugins and the tools inside Ableton Live.

Notice: all samples and melodies are royalty free and you can use them in your project or make something different with your ideas! you cant release this, but you can edit meldies and create a new story & have new release !

✔ Perfect for learning and practicing core Psytrance techniques
✔ Built entirely with stock and free plugins
✔ A solid starting point for your own productions
✔ Powerful sound design, energetic drops, and a professional bassline

This isn't just a template — it's a practical guide that will speed up your journey into Psytrance music production.
