

Bringing you another round of inspiration, this collection is loaded with the latest sounds of psytrance scene. Bunch of Cinematic Drums, Mantra Vocals, Sliding Basslines, Huge Synths and Triggered FX & Transitions!

Over 200 files, 6 construction kits, coming as Loops, Stems & One-Shots. Simply import the Stems and you will have already arranged demos. Take it from there - sky is the limit. Every stem has corresponding Loop, if you just looking for specific elements.

All content is 100% royalty-free, use in your own tracks, sell to labels and release.

"Psytrance Warriors" is one of the best collections released in the history of Function Loops. Just listen the demo and let the sound speak.

We are warriors of Psytrance! Are you?
