

You can hear Reggae elements in many Pop productions today from some of the biggest names in the industry. That's why we think it was important to produce a collection of Reggae sounds that will blend nicely into Future Pop, Reggaeton, EDM and other modern, popular styles.

'Reggae Pop' comes loaded with all the tools you'll ever need: loops, one-shots, MIDI files and even presets for the Sylenth1 VSTi! Full flexibility at the studio.

All the sounds you hear in the demo are included. Tons of inspiration: Drums, Basslines, Melodies, Leads, Chords, Pianos, Organs, Guitars, Vocal Chops, FX Loops and all the rest. All the content is 100% Royalty-Free.

Don't stay behind, drop some Reggae into your next tracks, people will go crazy!
