

Function Loops is back with 'Reggaeton Around The World' collection, loaded with the most current and popular sounds. This pack will bring big success for your productions.

'Reggaeton Around The World' features 1.4 GB of top quality content, including Female Acapellas in Spanish & English, Percussion, Basslines, Melodies, FX and everything else you can hear in the demo.

Total, you are getting 5 Construction Kits, each comes with Loops, One-Shots, Full Stems and MIDI files:

Loops: 4 to 8 bar audio files, coming as 24-Bit WAV. Simply drag and drop them into your DAW and manipulate to fit your project.

One-Shots: Single shots, short samples. Good to use in your favourite sampler.

Full Stems: These are long, arranged files. Simply import them into any DAW and you will get an already arranged piece, ready for further development.

MIDI: Melodic parts also come as MIDI files, giving you maximum flexibility to tweak, recreate and make your own sounds using VSTis or samplers.

On top of the kits, you will find some bonus presets for Sylenth VSTi, for maximum tweaking. All content is 100% royalty free, means you can use the sounds in commercial productions with no extra cost.
