

This is an iconic collection of synthwave drum samples. I've crafted 80s-sounding drums, keeping them simple and modern in structure for ease of use and punchiness. With this pack, you can be certain that your synthwave track will captivate your listeners.

The pack includes only the most valuable sounds, such as drum fills, hi-hats, loops, drum loops, and drum shots. Everything has been carefully curated to make the package as useful as possible
