

Revealed Bass House Kits Vol. 2 is a collection of 5 construction kits ready to use in your next track.

Each kit includes one-shot and loop WAV files of each individual element; from bass, synths, leads, kicks, fills, fx, claps, percussion, and more. In addition, each Kit contains the MIDI files of all the melodic and bass elements, so you can easily manipulate your favorite sounds and construct it just the way you want it.

Furthermore, each Kit includes the WAV stems to quickly drag and drop elements into your mix. To speed up your workflow, each Kit is labeled with its root key and BPM information.
