

Revealed Spire FX Vol. 2 is a preset collection of 64 FX sounds and 150 samples for your next track. From Downlifters, Impacts, Psy Squelches, Screeches, Uplifters, Noise, and more, you'll be able to craft and customize your own signature FX sounds to fit in your productions.

Additionally, you'll find examples of each preset in .WAV format so you can drag and drop immediately into your productions. Among every preset having modwheel assignments, each preset is assigned all four macro controls programmed to give you more creative possibilities to shape your sound just the way you want it.

Reveal Yourself.
