

Revealed Spire Leads Vol. 10 is a preset collection of 32 Lead sounds and 151 samples. From the big room sounds of the mainstage to the hands up melodic progressive house sound, you'll find signature Revealed sound.

Among every preset having modwheel assignments, each preset is assigned all four macro controls programmed to give you more creative possibilities to shape your sound just the way you want it.

Additionally, you'll find over 130 samples including: multiple synth shots with macro expressions, macro shaping Tonal Risers, and Downers.

Reveal Yourself.
