

The Audio Bar brings you our newest template, this time a banging Dirty Dutch project called 'Rotterdam', inspired by artists like Afrojack, Chuckie, Deorro, Hardwell and many others.

Everything you needed to learn and get inspired on tracks of these artists, now you can check out this complete template. The template will help you improve your music production skills, because our template is all organised and ready-to-use.

In this project template you will find all the MIDI files, one shots, loops, and presets (Sylenth1/Spire); we are sure you will make good use of it. We also included a producer's handbook with exclusive production tips.

Specification, depends on the purchase option:

- 1x Ableton Live Project File
- 1x FL Studio Project File
