

ELEON presents **Scruff Bot** for **Reveal's Spire Plugin**.

100 stunning presets for Spire. Launching with a star drive full of exciting sounds, you'll find new, intergalactic pads to take your music to hidden places in the galaxy. Find quirky droids to befriend and creepy FX sounds and drones that will have you scoring your next hit. Uncover dramatic textures and beds that will lift your tracks to a level of professionalism. Get a fresh start to your grooves and beats with 25 new drum and percussion presets. Scruff Bot is also packed with leads, basses and keys as well. So leave this world behind and get your next storyboard ideas going with this galactic size sound library, taking you to a galaxy far, far away.
