

Introducing Big EDM – Septagon Future House, a pack that is for sure going to pump up the sound of your mixes. With amazing and careful construction from the amazing sound designers and producers at Big EDM team.

Big EDM – Septagon Future House is a unique pack in itself with amazing Drum Hits and Loops, Presets, FX and much more! Full of amazing Kicks that are both deep and slappy to bring that punchy transient through the mix. This pack comes with Construction Kits that are great for teaching the arrangement and elements that a Future House track entails.

As well as bringing the most amazing Future House Serum, Spire and Sylenth1 presets this market has to offer, Septagon Future House come with Bonus Videos that teach you how to make a Madison Mars Bass, Lead and Pluck in various VST Synthesizer Plugins like Spire and Massive. These videos will go in depth on the fundamentals of Sound Design as a whole.

We always enjoy giving you these recourses and we know you like seeing what you will get before you get it. Fair enough, take a look!
