

## Serum Future Progressive Volume 3

Containing 139 Serum Presets, this pack truly captures the legendary driving progressive sound as championed by world-class artists such as Meduza, Artbat, Cristoph, Camelphat, Yotto, Ben Böhmer, Marsh, Eric Prydz, Verwest, Tinlicker, Jordin Post, and Le Youth.

Produced by Leo Lauretti, renowned sound designer from Abstrakt Music Lab and widely known for his popular YouTube channel, these Serum presets are perfect for the futuristic progressive house sound, or any genre that needs a retro inspired 'feel'.

Of course, all presets are normalized, rooted, and mod wheel mapped where appropriate, and all are well categorized to make finding the right sound simple and intuitive, just like you've come to expect from us.

128 Serum Presets – Craft driving basslines, atmospheric pad lines, big room plucks and more with over a hundred and fifty presets designed to deliver truly modern club sounds.

139 MIDI Files – Just as you've heard in the demo, these are complete pieces that are ready for you to mix, match, and groove. All MIDI files are organized into individual folders and named after the presets used for each individual element.

### Requirements:

- Xfer Records Serum Version 1.36b3 or Higher.
