

Serum Melodic Techno Essentials Volume 3 builds on the success of its predecessor with an even bigger and better collection of serum presets. With a total of 128 presets, this pack delivers the latest and greatest in melodic techno sounds, inspired by the likes of CamelPhat, ARTBAT, Space Motion, Stylo, Miss Monique, Yotto, Solomun, Cristoph, Korolova, and many more.

Expect presets that are meticulously crafted and normalized, with root notes and mod wheel and velocity mapping for maximum expressiveness. Plus, with clear and intuitive categorization, finding the perfect sound has never been easier. Whether you're a seasoned producer or just starting out, Serum Melodic Techno Essentials Volume 3 is the essential toolkit for crafting cutting-edge melodic techno tracks.

128 Serum Presets – Craft driving basslines, atmospheric pad lines, big room plucks and more with over a hundred and fifty presets designed to deliver truly modern club sounds.

44 MIDI Files – Just as you've heard in the demo, these are complete pieces that are ready for you to mix, match, and groove. All MIDI files are organized into individual folders and named after the presets used for each individual element.

6x FL Studio Project Files - Use the project files to learn new production techniques and see real world examples of how to utilise the presets in production. Everything you hear in the demo is included – all samples, channel strips, MIDI data and mastering Is in place for you to study as the ultimate educational tool. These are taken directly from the product demo.
