

Shocking Drum And Bass For Serum is an exceptional collection of DnB presets that reference the sounds of modern DnB, Jump Up DnB, and Liquid DnB. Inspired by some of the creative innovators in the scene, such as Skrillex, Mefjus, and labels like Allstars DnB, Critical, Dispatch, and more, inside this marvelous pack, you will find cutting-edge presets such as frog sounds, foghorns, and growls that are necessary tools in your production. Take your music to another level with this perfectly crafted soundset!
