

'Shocking Tropical House For Spire' is the uncommon House soundset which will fill the freshness of your sound .This bank is ready to give your productions the sound and feeling of the most popular House tracks of the last few months. It's a complete arsenal of fresh sounds for your next Tropical anthem inspired by the biggest names from this style. This pack is guaranteed to give you the highest quality patches that you've been looking so long for!

This edition of Tropical House sounds brings you presets inspired also by real acoustic instruments such as bells or guitars. This comprehensive synthesis will give you a chance to stand in front of House producers. All of these patches are painstakingly designed so you should really add them to your own library. Another soundset that you can't pass by!
