

Big EDM is back with another mammoth release, this time Big EDM team went crazy and created 2.25 GB pack suitable to all EDM & Trap freaks.

Be sure to receive only the top-notch sounds in this pack and what is even better – you will receive tons of them.

Inside this pack you will find more than 700 carefully prepared and produced files divided into arranged folders.

12 sick Construction Kits is one of the main part of this product.

Together with kits you will receive also MIDI and stems with Dry / Wet variations.

20 Melody Loops with MIDI, 20 Drum divided into separated stems and 20 Vocal Loops are bringing the right freedom for creating your own bangers.

How about kicks ? Each Construction Kit has it's own Kick Pack, inside which one you will find the full octave of kick samples, that means 144 of the finest, tuned trap kicks.

Other shot drum samples featuring – Claps, Cymbals, Snares, Percussion and Big snares.

As mentioned – Big EDM team went crazy – so once you will get the pack, you will receive also 55 Sylenth1 & 23 Spire Presets, 7 Vocal Shouts and 3 Tutorials (Logic Pro & FL Studio) with FLPs, Presets and Samples.

Product includes:
