Spire Tech Trance Essentials

Soundclan Music presents you with a fresh and exciting novelty for creating powerful and driving action in the style of Tech Trance and producers and musicians such as Will Sparks, Ben Nicky, Greg Downey, John Askew, Simon Patterson, Will Atkinson, Ummet Ozcan, Mark Sherry, Maarten De Jong, Tempo Guisto, Allen Watts, Maddix, David Forbes, Orjan Nilsen, Genix and many more.

128 exclusive and flexible presets for the Spire virtual synthesizer, which has become our universal assistant in all EDM genres.

The bank includes a variety of sounds such as acid, arpeggio, bass and mid-basses, reese basses, leads and plucks, keys and pads. Each preset has a modulation wheel for a more flexible approach to creating a track.

The presets are based on 10 full construction MIDI kits, which are different branches of modern trance music.

This bank of sounds will fit into tech trance, hard trance, uplifting trance, progressive trance, psychedelic trance, techno, peak time techno, big room and big room techno, and other styles of electronic dance music.
