

Mainroom Warehouse are proud to release '**Summer Ibiza EDM Anthems**' featuring 20 x Top Notch EDM Construction Kits WAV, MIDI, Spire & Sylenth Presets.

Inspired by all the top EDM artists from around the world and all the top EDM festivals bringing you the best quality tools for your productions.

These songstarters give you a great start to your next track or could be a great edition to your existing projects to give you another direction or dimension to your tracks, bringing you bang up to date with the latest trends.

Kits

Each kit include all drum parts from kick (Compressed & Not Compressed) to several percussion loops, wet and dry loops for all the main parts also including filter up and down loops wet and dry, all MIDI parts are included and a mix down demo for each kit, folder structure is smartly arranged for ease of use also presets from Spire and Sylenth are included for each kit to replicate the sounds from the demo you have complete control, each kit gives you song ideas to start your next EDM smash hit including Bases, Leads, Synths and Plucks.

Advantages With MIDI & Presets

With MIDI you have the ultimate in flexibility being able to edit notes, velocity etc and assign your own sound, these are easily imported to any DAW either Drag And Drop or Import MIDI Options in your DAW.

These MIDI's are also a great source of inspiration for those writers block moments even the pros need motivation and inspiration from time to time, you can also learn how these have been constructed and change/tweak the MIDI to your own taste.

With the included presets you have complete control and can replicate the sounds you hear and that have been rendered for you to use in each kit, you can tweak and do what you want to achieve your own sound.

About Presets In This Pack

Please note to beginners if you do not own the above VST Instruments you can still use the supplied WAV files or any virtual instrument of your choice with your own presets or bought presets to assign the vst instrument to the MIDI files and create your own sound, by all means use the included presets from the pack if you have them royalty free.
