

After the success of Sunny Lax' past product releases, we thought it was time we put together a sound set for the increasingly popular Spire synth.

With 128 club-orientated Spire presets, this sound set provides you with the tools needed to produce a high quality, memorable track in any genre of electronic music. Sunny Lax has modelled sounds off popular artists such as Above & Beyond, Armin van Buuren, Audien, Cosmic Gate, Dan Stone, Dmitri Vangelis, Steve Angello, Fisherman & Hawkins, Ilan Bluestone, John O'Callaghan, Cedric Gervais, Mat Zo, Paul van Dyk, Ummet Ozcan, Porter Robinson, Pryda, Sunny Lax, Zedd and many others.

You'll find everything from euphoric progressive plucks to big, in-your-face lead sounds, right next to edgy basslines and mellow pads. This sound set will provide inspiration for many studio sessions to come.
