

'Super Future Bass' from HighLife Samples is a Future Bass sample pack inspired by Martin Garrix, Marshmello, Wave Racer, Flume, San Holo and many others.

Inside you will find five complete Construction Kits featuring loops, MIDI files, vocal chop loops and FX's. Also included there's a folder with chop shot vocals and drum hits of kicks, claps, snares, hi-hats, for your own convenience and creative freedom for making your own vocal and drum loops. As a bonus, HighLife Samples have also included acapella vocals in wet and dry versions.

Packed with the latest Future Bass sounds that have become the staple of the genre, it is guaranteed to take your tracks to the next level. It will enhance and enrich your libraries with the best the scene has to offer and of course inspire!

This pack is a must-have for producing Future Bass tracks.

What's more, everything you get is Royalty-Free! Buy once and use it in any of your projects in as many combinations as you want.

Compatible with all DAWs and usable in more projects and genres than you can imagine.
