

'Sylotherm1 Essentials Vol 10 - Future Rave' from baltic audio is a must-have product for producers looking to get the sound of current Future Rave. You'll find 64 top-quality presets for the Sylotherm1 synthesizer to create hit tracks, including hand-crafted leads, basses, plucks and pads.

Each preset is programmed by a professional sound designer and every parameter tweaked with passion and detail and will be your essential source for creating new and commercial sounds within your compositions.

If you're looking for sounds of David Guetta, MORTEN, Hardwell, Maddix, Toby Green and many more, then this product has you covered.

You can also use it for genres like Bigroom EDM, Techno, Dance and more.

In addition, you'll find 52 MIDI files taken from the demo.
