

'Sylenth1 Essentials Vol II - Hypertechno' from baltic audio is a must-have product for producers looking to get the sound of current Hypertechno. You'll find 64 top-quality presets for the Sylenth1 synthesizer to create hit tracks, including hand-crafted leads, basses, plucks and pads.

Each preset is programmed by a professional sound designer and every parameter tweaked with passion and detail and will be your essential source for creating new and commercial sounds within your compositions.

If you're looking for sounds of HBz, Lizot, Jerome, VIZE, Harris & Ford, Perfect Pitch, Neptunica, Marc Korn and many more, then this product has you covered.

You can also use it for genres like Hands Up, Slap House, Techno and more.

In addition, you'll find 42 MIDI files taken from the demo.
