

Mainroom Warehouse are excited to release the second pack in this exciting series
'SynthWave Vs SynthPop 2'

Bringing more nostalgia back to the present featuring 10 x Construction Kits (WAV/MIDI/SPIRE PRESETS).

If you're in to those nostalgic moments in time and a big fan of the SynthWave & SynthPop era then this pack is for you, featuring drums, percussion, bass, leads & plucks, MIDI files and Spire Presets for your ultimate producing experience, everything is here to create your next SynthWave & SynthPop track.

Kits

Each kit includes all drum parts from kick (Compressed & Not Compressed) to several percussion loops, wet and dry loops for all the main parts also including filter up and down loops wet and dry, all MIDI parts are included and a mix down demo for each kit, folder structure is smartly arranged for ease of use also presets from Spire are included for each kit to replicate the sounds from the demo you have complete control, each kit gives you song ideas to start your next smash hit.

Advantages With MIDI & Presets

With MIDI you have the ultimate in flexibility being able to edit notes, velocity etc and assign your own sound, these are easily imported to any DAW either Drag And Drop or Import MIDI Options in your DAW.

These MIDIs are also a great source of inspiration for those writers block moments even the pros need motivation and inspiration from time to time, you can also learn how these have been constructed and change/tweak the MIDI to your own taste.

With the included presets you have complete control and can replicate the sounds you hear and that have been rendered for you to use in each kit, you can tweak and do what you want to achieve your own sound.
