

"Tech Energy" by Banger Samples is pure dancefloor power embodied in sound. Cool grooves, sharp percussion, and an electric atmosphere transform any idea into a club hits. This pack is designed for producers looking for an ultra-modern sound with character, stylish, pumping, and charged with drive.

Inspired by artists like Chris Lake, Fisher, Cloonee, James Hype, John Summit, Mau P but with the signature sound of Banger Samples, this pack sounds like a track that hasn't been released yet, but is already pumping the crowd.

Tech Energy is the perfect tool for creating tracks, remixes, and experiments that emphasize punch, style, and minimalist chaos. It's Tech House on steroids, adapted for the new wave of Electro House and Modern Techy.
