

Audentity Records presents a big new collection of Tech House samples, loops, one shots, presets and more!

This new pack lays down the foundation of pure tech house. These phat basses and energetic driving rhythms will take your music to the next level.

We gave our new pack the "super pack" title because this pack is so big, we almost don't know where to start as this pack is crammed with heavy bass loops, Super Bass One-Hits, Vocal Chops Loops, Dark Atmospheres, Drumloops and Shots, carefully crafted punchy Synth loops and FX sounds. We even added banks full of Spire, Sylenth and Massive presets! (total of 176 Presets!!)
