

Looking for some fresh recorded and tailor-made samples with a tropical vibe?  
Tropical House Tools is the pack for you!

Inspired by DJs and Producers like Kygo, Thomas Jack, Matoma, Robin Schulz, and more!

Hand-crafted grooves and positive uplifting vibes that will bring summer to your speakers all year round!

A cocktail of Tropical House samples including one-shot synths, airy texture/ambient loops, crispy drum loops, tropical percussions, MIDI Files, deep and melodic Sylenth1 presets.

Do you waste hours and hours looking for packs, samples, presets to create your tropical house single? Inside Tropical House Tools you will find more than enough to create a tropical bombshell, so do not waste time looking for samples anymore.

As always we also include our booklet containing essential tips and tricks from the producer, to help you improve your music production skill to the next level!
