

Trap is a crazy genre that is bringing a new light to the EDM Scene. We know Trap has been around for a long time. But as of late you have genres like Hybrid Trap or Psychedelic Trap, however, those genres are somewhat new to the EDM world. We want to bring you a pack that is full of innovative and heart racing Samples, Loops and Construction Kits.

Big EDM is introducing Titan Trap, a mind blowing and inspiring Trap Sample pack that will be essential in your library of Samples. We shoved this pack full of resources like; Bass Shots, Claps, Construction Kits, Drum Loops, FX Samples, Drum Samples, Melody Loops and Synth Shots. We wanted to make sure we created the most innovative and game changing samples when it comes to quality. These samples are amazing for the beginner bedroom producers and even the professional producers. As producers ourselves, we know there is never enough of any kind of samples. The EDM sound is constantly changing and we know the newbies and the pros always need to follow the trends while staying unique.
